

The **Centre for Policy Alternatives (CPA)** was formed in the firm belief that there is an urgent need to strengthen institution- and capacity-building for good governance and conflict transformation in Sri Lanka and that non-partisan civil society groups have an important and constructive contribution to make to this process. The primary role envisaged for the Centre in the field of public policy is a pro-active and interventionary one, aimed at the dissemination and advocacy of policy alternatives for non-violent conflict resolution and democratic governance. Accordingly, the work of the Centre involves a major research component through which the policy alternatives advocated are identified and developed.
